Russ Forces Near Intervention of Trebizond—Several Ships Sunk Recently

(Associated Press)  
There has been no change in situation before Verdun, east of west of the Meuse, according to today's Paris statement, which states that the violent bombardment of the defenses continues. Paris denies that the Germans have captured either the village or fortress at Vaux.

**Portugal Calls Reserves**  
An official decree was placarded in Lisbon this morning, summoning all naval reserves to join their ships immediately.

**Russ Continue Progress**  
Russian forces have landed on the Black Sea coast of Asiatic Turkey and the occupation of Trebizond is imminent.

**Many Ships Sunk**  
British destroyer Coquette and British torpedo boat No. 11 have been sunk by mines, with 45 casualties, it is officially announced by London.

French steamship Louisaine, 5,000 tons, and the steamer Hermatice have been sunk, presumably by submarine operating between Boulogne and Havre. There was no loss of life and no passengers were aboard either vessel. The Louisaine was in the passenger service between France and the Gulf of Mexico.

London, Mar. 10.—German claims of a new advance against the French east of Verdun with the capture of the village and fort of Vaux are denied by the midnight communique from Paris. France, on the other hand, claims a further advance against the Germans in the Corbeaux woods, west of the Meuse, and declares the German attacks around Vaux were repulsed with enormous losses to the assailants.

Though Paris admits that the Germans gained a footing in the village of Vaux early in the day they declare a counter attack quickly drove out the intruders. The fighting for the fort is admitted to have been terrific, but the midnight communique indicates that the Germans were repulsed with heavy casualties.

## Says Elimination Of Wilson Is Necessary For Mexican Peace

Apropos the present critical stage in the United States-Mexican situation, brought about by the Villa raid of Columbus, N. M., Thursday morning and the slaying of a number of United States soldiers and civilians, the following letter received recently by George H. T. Shaw of Lee Center, who spent many years in railroad building operations in Mexico, is interesting.

The letter is from G. B. Mann, a life-long democrat of high standing, wealthy and influential who has been financially interested in Mexican properties for twenty years. Mr. Mann, finally driven out of Mexico, writes from New Orleans, under date of Feb. 29th:

Mr. G. H. T. Shaw,  
Lee Center, Ill.

Dear Mr. Shaw:

Answering your letter of Feb. 22nd: I thought many times of writing you, but I have had so very much writing to do during the past three years, and only myself to depend on for doing all this writing, and also the doing of anything and everything that came

## ON TRAIL OF CONFIDENCE MAN

Arthur Kootz, alias Tom Keily, alias Frank Graham, alias Fred W. Gray during the past few weeks has succeeded in defrauding several banks in Iowa and Illinois out of various sums of money. On last Tuesday he made his appearance at Morrison and worked his game there and got away with in the neighborhood of \$170. L. Roberts of the Wm. J. Burns Detective Agency was in Dixon Thursday afternoon to see if a man answering the description of the smooth individual had been in this city.

The stranger drops into a town and represents that he is about to open up a paint and paper store. He rents a house or store building and proceeds to make repairs to meet his requirements. He then requests that the real estate man introduce him at the bank. His checks usually run in denominations of from \$175 to \$250. After presenting one he immediately turns over a part of the rent in the presence of the banker, he asks for a portion in cash to meet certain expenses and the balance he takes in a certificate of deposit. He immediately departs from town after getting hold of the cash.

## MAY FINISH TERM TOMORROW

The January term of the circuit court was re-convened this morning by Judge O. E. Heard to finish up some work before final adjournment for the term. Several orders were entered in various cases during the day and final reports of matters referred to the Master-in-Chancery were received and approved. It is expected to finish up the work tomorrow and adjourn for the term.

The final report of the Master was received as to the final distribution in the case of Margaret Flanagan vs Mary Carney and Sarah Senneff vs Agnes Fritz. In the case of Mary A. Gillett vs James Buckley suit was dismissed at the plaintiff's costs. Suit was dismissed in the case of Mary Cavanaugh vs George Crofton, the cause of action being fully satisfied. A decree of divorce was granted to Frank Hanrahan against his wife, Bertha Hanrahan.

With the convention of court after the noon recess the contested divorce case of Amanda Waldon against her husband, Albert Waldon, was called. Attorney Harry Edwards represents the plaintiff in the case while Attorney John P. Devine is for the defendant. Besides a decree of separation, the plaintiff asks for the custody of the children and her husband has filed a crossbill against the petition. A large number of witnesses have been subpoenaed in the case and it is likely that it will take up the greater part of the afternoon.

# WILSON ORDERS UNITED STATES TROOPS ACROSS BORDER TO GET BANDIT

DECISION REACHED AT CABINET MEETING IN WHICH EVERY MEMBER EXPRESSED OPINION ONLY THING TO DO WAS TO SEND TROOPS INTO MEXICO AFTER BANDITS WHO RAIDED COLUMBUS—PUNISHMENT OF THOSE WHO BROUGHT ABOUT MASSACRE OF AMERICANS IS ONLY DESIRE OF AMERICAN AUTHORITIES.

## IS NOT INTERVENTION IN REPUBLIC

CARRANZA WILL BE NOTIFIED U. S. HAS NO DESIRE TO ACQUIRE ANY PROPERTY AND THAT U. S. FORCES ARE ONLY AFTER VILLA'S BANDITS TO STOP THEIR FORAYS—ORDERED TO KILL OR CAPTURE VILLA AND HIS LAWLESS BRIGANDS.

## FORCE OF NOT LESS THAN 5,000 MEN TO GO

(Associated Press)

Washington, March 10.—President Wilson, after a meeting of the cabinet today, ordered United States troops to cross the Mexican border to capture or kill the Villa bandits who raided Columbus.

It will be a punitive expedition of not less than 5,000 men. Major General Scott said.

The White House statement said: "An adequate force will be sent immediately in pursuit of Villa, with the single object of capturing him and putting a stop to his forays."

"This can be done in entirely friendly aid of the constitutional authorities of Mexico and with a scrupulous respect for the sovereignty of that republic."

The action does not mean intervention.

Carranza will be notified that the United States has no intention of taking any Mexican territory.

It was said at the White House that the American government wants Villa dead or alive.

Before deciding finally to send the troops President Wilson conferred over the telephone with Chairman Stone of the senate foreign relations committee. It is considered possible that within a few days Wilson might go before congress and recite a series of acts by Villa. Wilson desires to move with the entire co-operation of congress.

The Carranza ambassador here refused any comment, but said that he would notify Carranza immediately.

**Cabinet Agreed.**  
The cabinet unanimously agreed that the only thing to do was to send troops. While Wilson and the cabinet were deciding to send forces agitation broke out afresh in congress. Senators McCumber and Fall, republicans, introduced resolutions proposing armed action in different ways, and both resolutions were referred to committee. Democrats generally expressed the opinion that the president's action is justified, and republicans, who have been urging action, expressed ratification.

**Quiet at Columbus.**  
Columbus, N. M., Feb. 10.—Federal troops in increased numbers today patrolled the American border near Columbus. All is quiet today.

The number of soldiers and civilians killed in Thursday morning's raid stands at sixteen.

Villa decided last October to wage warfare against Americans, according to personal papers found yesterday. He decided on the step to be taken following the recognition of the Carranza government by the United States.

## Two Mexicans Die.

Gen. Garcia Avilla and another Mexican who were wounded yesterday, died today in the American army hospital.

The pocketbook of T. M. Evans, one of the Americans who was killed in the Santa Ysabel massacre, was found on the body of Pablo Lopez, second in command to Villa, who was killed yesterday.

A number of armed citizens started today for Gibson's ranch, fifteen miles west. It is reported that Mexican bandits are near there.

El Paso, Mar. 10.—Francisco Villa is reported to have been badly wounded in a running fight with United States troops following the raid on Columbus, N. M. The engagement in which the northern leader is reported to have been wounded occurred on

PENNSYLVANIA.

Pennsylvania is a stern and rugged state all broken out with mountains, which are full of coal, oil, gas and iron. Its efforts to get all of these substances out of its system has made it the busiest state in the Union. Most states quit work at upper time, but Pennsylvania keeps right on all night, melting its iron with its gas, and making coke of its coal and producing thereby such a lurid inferno of flame that when a Western Pennsylvanian dies and goes to hell, as some of them do, his first act is to hunt for a push-button to turn on some light and heat.

Pennsylvania is a 45,000 square mile rectangle, slightly dog-eared at the eastern end. It extends from Lake Erie to the Delaware river and is traversed by the Susquehanna, the Allegheny, the Youghiogheny and the Monongahela rivers, most of which are navigable, as far as the third syllable. It has nearly 8,000,000 people, and yet there are places in Pennsylvania where a man could get lost and wander for days and days without having to dodge a single automobile.

## DO YOU REALIZE

the important part that printed matter occupies in the conducting of your business?

In the purchasing of your printed matter there are three factors that are of especial interest to you.

1st—QUALITY. In this progressive age of competition where one's printed matter is often their principal sales representative it is imperative that you be properly represented

2nd—SERVICE. It is usually impossible to prepare copy far in advance of your needs; consequently when copy is ready you "want what you want when and how you want it" and in its preparation a printer who knows can be of untold assistance.

3rd—COST. You are interested in placing your order with a printer who will charge you but a fair price for the matter manufactured.

If you need the services of a modern, well-equipped printing plant for your order, be it large or small, where you will be assured of getting the above factors well combined, visit or phone

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine" hair cleanse. Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Dandierine from any druggist or toilet counter, and just try it.

Mrs. Frank Brauer entertained the Prairieville Social Circle Wednesday afternoon at her home at 323 W. Chamberlain street. The meeting was very well attended, 32 being present, including 26 members and six visitors. A scramble dinner at noon interrupted for a time the work of the quilt making and sewing bags. The next meeting will be held in two weeks at the church, with a scramble dinner at noon.

#### Moose Dance

The Moose dance last evening was attended by one of the largest crowds that has ever attended these weekly affairs, this being due to the fact that we are trying to please the public with attractions which are above those generally given at these kind of affairs.

Owing to the sickness of Miss Edna Arnold, the large audience which was present at the regular Moose dance last evening was entertained by Miss Inez Smith of Chicago who appeared in her place.

Miss Smith has a most beautiful soprano voice of which she has perfect control, as was tested last evening by the rounds of applause she received from her pleased audience who were very appreciative of the high class singing of this talented young lady. She made her entrance into the hall after the second dance singing this popular song, "Do Not Bite the Hand that Feeds You," through the evening she sang with the orchestra. She mingled with the crowd and danced with the young men.

Miss Smith is a graduate of the Hinshaw Conservatory of music, which is known for the high class of its artists who are sent out on these occasions.—Contributed.

#### MOTHERS

Should see that the whole family take at least three or four doses of a thorough, purifying, system cleaning medicine this spring. Now is the time. The family will be healthier, happier and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs of winter, accumulated in the system driven away. Hollister's Rocky Mountain Tea is the very best and surest Spring Remedy to take. Get it at once and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. 25c. The best Spring tonic-laxative, purifier.—Rowland Bros.

#### Coppins College Banquet

Eighty students, past and present, attended the banquet given Thursday evening in the auditorium of the Coppins Commercial college, and spent such a merry evening as only college students en masse can spend. The four course dinner, for which Miss Hattie Cook catered, was served with the members of the S. F. O. club of North Dixon as waitresses. Purple and gold, the school colors, were used effectively in decorating the hall, with jonquills and ferns used upon the long banquet tables. At the close of the banquet toasts were given by some of the more able speakers among the students.

Lawrence McGrath served as master. His discourse was a particularly able discussion of the European war. Don Merritt of Mt. Carroll followed with a comical skit on Our Girls. Miss Ona Spielman of Dixon handled the topic School and Then—with prophetic insight into the future mingled with an ample amount of practicality. Shorthand was discussed by Percy Busby, Dixon; Orin Day of Missouri enlarged on that much misused article—A Minute; and Joseph Preston of Morrison gave plenty of good reasons. Why I Eat. Miss Dora Miller of Lee Center replied to the toast, Our Girls by one to Our Boys. Harold Curran, Dixon, talked of Yum, with plenty of zest and "pep" in his arguments, and Ford was discussed by one who ought to know, Miss Julia Ford, Dixon.

A program of reading and music followed, with Miss Edna Ware of Nachusa as hostess. Miss Helen Rose crans of Belvidere, soloist; and Raymond Curran, pianist. The evening closed after a general social time with music and games.

There are many questions which you might ask concerning CHIROPRACTIC, but there are some things which you want to know:—

1. What is Chiropractic? Chiropractic (Ki-ro-prak-tic) is a science of the cause and nature of disease, an art of unerringly locating this cause, and providing an original and adequate means of adjusting it more promptly, radically and permanently than any other system known.

2. Can Chiropractic cure every Dis-ease? Chiropractors do not claim to cure, but they do claim that Chiropractic Adjustments remove the cause of Dis-ease, and Nature cures.

3. How long does it take to get well? That depends on the extent of damage the dis-ease has made upon the tissues; and on the vitality of the patient.

4. Is Chiropractic accepted by the medical fraternity? The principles of medicine and of Chiropractic are so different that a medical practitioner cannot believe in Chiropractic and still practice medicine.

5. Do people condemn Chiropractic? Yes; but not people who have taken Chiropractic Adjustments from competent Chiropractors. Results tell.

## Daddy's Bedtime Story

How the Dawn Goddess Loved A King's Son.

Knelt Before Father Jupiter and Begged.

"G" REEK story night, daddy! Don't forget!" cried two children. So daddy sat down in his armchair, with Jack on one knee and Evelyn on the other, and this is what he told: "Aurora, the dawn goddess, and her sister, the moon, both fell in love with mortal men. Now, Aurora, who always wore gorgeous robes of lavender and pink, loved the king of Troy's son, Tithonus. One beautiful spring morning she left her home among the clouds and, trailing her lovely robes behind her in the dawn light, crept down to earth and stole Tithonus. Then, happy as a bride, she knelt at Father Jupiter's throne and begged him to grant immortality to Tithonus so he might be her mate always."

"Daddy, what means immortality?" asked Evelyn. "To live forever," daddy explained to her. "But, alas, for Aurora's beautiful, generous love! In her delight of finding Tithonus she forgot to ask Jupiter also to grant him youth, and as the years stole by and each morning she awoke to her duty of bringing dawn to earth people in all the freshness and glory of her own immortal youth she sadly saw that Tithonus was growing to be an old man and no mate for her. Little by little his teeth fell out, his hair became thin and gray and his beautiful body shriveled and grew dull. At last the lovely, radiant Aurora had to leave him as a companion. But she still took very good care of him. She kept him in the finest rooms of her palace, clothed his feeble body in beautiful robes and had him fed on ambrosia, which with the gods stood for our ice cream. Finally Tithonus lost all power in his legs and arms. He became so silly that she had to look him in his room. When he lost even his voice and grew so unlovely that no one longer cared to look at him, Aurora repeated her plea to Jupiter and turned Tithonus into a grasshopper."

"Now, before Tithonus became an old man Aurora had a wonderful son of the name of Memnon. Like Odysseus, he fought bravely in the Trojan war, only Memnon fought for Troy instead of for Greece. Aurora every morning watched her son fight from her palace in the sky. When victory went to the Greeks and she saw her beloved son fall she ordered the winds to snatch his body from the battlefield and bring it to her for a beautiful burial. The Winds and the Hours came with Aurora, and to show her sympathy Night spread the heavens with clouds. Then Jupiter turned the sparks from Memnon's funeral pile into night birds. But in spite of all this beauty and love and sympathy Aurora still mourns her son, and every morning her tears may still be seen in the form of dewdrops on the grass," daddy finished.

**Recognizing Book Lovers.**  
You may recognize the book lover as soon as you glance at his shelves, though they may be few. Some people, especially servants, if allowed to interfere, marshal books according to colors, as they would like to buy them by the yard. Not so the book lover (I mean the man who loves books for their contents). He is kind to his books and, knowing they have souls, wishes them to live happily together. He would not, to take an extreme case, sandwich "Bradshaw" between "Stones of Venice" and "Modern Painters."—London Globe.

**Tunnels.**  
A New York newspaper remarks that "ferries come and ferries go, bridges rise and bridges fall, but tunnels last forever." There is a scientific truth in the observation. Of all works of man earthworks, plain earth mounds sodded over, are about the most enduring. A properly constructed tunnel is essentially a work in earth and so almost as permanent as the great globe itself.—Exchange.

## Artificial Indigo.

Artificial indigo owes much of its commercial success to an accident. Although synthetic indigo was first produced in 1870, it did not become a serious rival to the natural article until a thermometer was accidentally broken and the contents of the bulb ran into the heated mixture of naphthalene that was all too slowly being converted into phthalic acid, the basis of artificial indigo. It was then observed that the conversion became much more rapid, and from that day the use of mercury has played a big part in making artificial indigo a commercial success. The accident occurred after years of patient research, and it is now the boast of chemists that they are able to produce on a commercial basis a compound "exactly the same" as natural indigo.—London Standard.

## Frederick the Great's Joke.

Among the embellishments which Berlin owes to Frederick the Great the "new palace" is the most conspicuous. This magnificent building was erected, it is said, to show Frederick's enemies that his many wars had not exhausted his exchequer. And further to show his contempt for the countries which had sought to crush him at the top of the cupola he placed a group of three women dancing together, the figures representing Catherine the Great, Maria Theresa and Mme. de Pompadour. The wrath of the two empresses was unbounded at finding themselves depicted in such an attitude and such company, so Frederick was able to congratulate himself on a thoroughly successful joke.

## SOUTHERN DRUG MERCHANT MAKES UNUSUAL STATEMENT

Great Business Losses Due to  
Neglect

W. WITHERS MILLER

President of the Polk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:

"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."

He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Orderlies, it would be of great benefit to the national welfare. Rexall Orderlies are prompt in action, pleasant to take and never gripe, can be used by men, women or children, and are just the thing for toning up sluggish livers.

## Dramatic Notes

### PRINCESS THEATRE

Tonight Manager Slothower has booked an excellent Mutual Master picture De Luxe entitled "A Man's Prerogative" featuring Robert Edson, one of the greatest film favorites in a story of one of the greatest problems in life, and how he mastered it. Robert Edson has been featured on the legitimate stage for years and his success has followed him into the motion picture field of today. The feature is in four acts with The Mutual Weekly also on the bill, making one of the best programs seen at this popular playhouse for some time. Tomorrow night a two reel Keystone comedy entitled "Dirty Work in a Laundry" will be on the bill together with "The Silent Trail," a western feature in multiple reels and "The House Party at Carson Manor," a Thalhouser drama.

### FAMILY THEATRE

"Carmen" a Wm. Fox production supreme, will be shown today and tonight.

A scintillating gem of fiction, an opera of universal appeal and undying popularity, a stage success of unequalled dramatic power. Everyone is familiar with "Carmen" in one or other of these forms. Now Wm. Fox gives to the world a new version of this fascinating classic. Backed by the vast resources of his superb organization, and assisted by the best directorial and histrionic talent obtainable he has made the screen production of "Carmen" a masterpiece in every sense of the word. To Miss Theda Bara, star of the Theatre Antoine, Paris, falls the honor of creating for the motion picture public the role of the volative Spanish heroine, and under the direction of R. A. Walsh, the noted producer, she has far surpassed her previous screen successes.

Vaudeville for this evening will be Ramsey & Kline, comedy singing, talking and musical; Jack and Marie Gray, novelty singing, dancing and

piano, and Davis Duo in a novelty sketch.

### MISS FLORA DEVOSS & CO.

With the coming of Miss Flora Devoss and her merry crowd of eleven players at the Dixon opera house for one night, Sunday eve, Mch. 12, Mr. Rotnour, the manager, announces the very strongest cast of popular and recognized players that Miss Devoss has ever associated. One performance will be given only of "The Girl From Out Yonder" with Miss Devoss personally appearing in the role of Flotsam, her favorite character, and she will be assisted by eleven players. Miss Flora Devoss stands prominent in the field as a comedienne and is one of the very few who has succeeded in her line. Her success as a popular star is due to correct management and assembling a cast of players who are recognized. In the role of Flotsam in "The Girl From Out Yonder" Miss Devoss excels as the character enables her to display her remarkable ability as a comedienne. Special scenic effects are carried for the production and the scale of prices are popular with the advance sale of tickets now selling.

## GERMANY DECLARES WAR WITH PORTUGAL

### Step Taken as the Result of Ship Seizures.

Berlin, Mar. 10.—Germany declared war on Portugal at 3:30 o'clock Wednesday afternoon and handed his passports to the Portuguese minister. "The German government therefore considers herself from this time in war with the Portuguese government," is the conclusion of a declaration handed by the German minister at Lisbon to the Portuguese government and in Berlin to the Portuguese minister, the news agency announcement states.

"The German declaration," says the news agency, "emphasized the fact that this step was made necessary by the recent illegal seizures of German ships in Portuguese ports, which is the gravest sort of breach of neutrality and of special treaties. Germany therefore is obliged to give up her former attitude of forbearance, which it has maintained because of Portugal's awkward situation."

### MORGENTHAU TO AID WILSON

Envy to Turkey Needed to Direct Eastern Campaign.

Washington, Mar. 10.—Following a conference with Henry Morgenthau, ambassador to Turkey, at the White House, President Wilson has taken under advisement the question whether Mr. Morgenthau shall return to his post or shall become the head of the preconvention campaign for the president's renomination and primarily of a campaign for the solidification of the Democratic party for a real fight with the Republicans in the November elections.

It appears that tremendous pressure has been brought to bear on Mr. Morgenthau since his return to this country to take hold of the Democratic situation, especially in New York, where, it is said, no one else is so likely to bring order out of chaos in the Democratic ranks.

authority from both sides authorizing me to have the property armed and fortified and to protect myself against the bandits, and as for the latter they simply kept us from getting lonely; I was able to and did take care of the bandit business because I had had quite a lot of previous experience in dealing with bandits.

For ten months I did not hear a word of English; I had all natives except my Spanish superintendent, and for just twelve months myself and all the men that I trusted always ate our meals with our Mauser rifles across our knees and never made a move, inside or outside of the house, without having our arms on us, and a strict military discipline was always maintained. Both the majordomo and one of my foremen were themselves ex-bandits who had been disciplined by six years' service in the army of Don Porfirio; I always had among my workmen several ex-Rurales and all of my cowboys and the cattle foreman were ex-Rurales with records.

I would have come through fine in every way if it had not been for the ASSASSINATION OF AMERICAN INTERESTS POLICY of Wilson, Bryan, Daniels & Company. It was my own Government that drove me out of Mexico and caused all my losses and not at all the fault of the Mexicans.

As you know, I was pretty well fixed financially, but like all of the other Americans in Mexico, I will not have much left when this thing is over and it will probably result in my being completely bankrupt, unless the end should come much quicker than I expect it to. However, I am not whimpering about being bankrupt, although I do object to the blundering methods used by the men that brought it about; but the thing that worries me the most is that I do not see any encouraging prospects, of any kind, for the near future.

Yes, I meet a great many people from Mexico and I have had exceptional advantages for communicating with different parts of Mexico and of getting exact information from there.

I think that the so-called Carranza government must eventually split up. There is the possibility that, in the splitting up, worse conditions than any that we have seen so far will result. Myself and my friends and acquaintances do not expect to see peace in Mexico as long as Woodrow Wilson is president of the U. S. Both Wilson and Carranza must be eliminated before the Mexican question can finally and effectively be settled.

Neither Wilson nor Carranza have made any provision for the necessary financing of Mexico and the guaranteeing of such a huge loan; and further, neither Wilson nor Carranza are capable of making such arrangements; for, in addition to their boneheadedness, the financiers do not trust Wilson or Carranza. To straighten up the finances of Mexico takes close to a BILLION AND A HALF OF GOLD, and along with this huge loan there must be constructive statesmanship in the U. S. and in Mexico, and with it must go, hand in hand, the very best of constructive financing; now do you see any chance of making any such arrangement while Wilson and Carranza are the leaders? I happen to know, through a confidential source, that some of our ablest and most powerful financiers think that intervention is the final and only remedy; now just as long as they hold to this view they will not loan any money to Mexico, and without money, and a lot of it, no government in Mexico will continue to exist for any length of time; they cannot afford to loan small amounts until the final arrangements are made for the complete financing of the country and as long as financiers hold to their present views, you know that no money will be loaned, consequently there will be neither peace nor government in Mexico until after we are done with Woodrow Wilson.

I think that since the thing has been so thoroughly messed up, the financiers are more than willing to let things drift along and that they will be glad to see it get worse, because they cannot get hit any harder than they are already hit, and also because the fellow with the big money can easily recoup himself several times over when the proper time arrives and when affairs get to their last gasp in Mexico. Meanwhile the American people will have had more than enough of this kind of business, and they will never want to see any more experiments of a similar kind. So I am not figuring on any early peace or guarantees in Mexico and I do not expect to again see prosperity there for some years to come.

I could write you many pages, telling you about the details of present conditions in Mexico, but what is the use? Briefly stated, the continuous tendency and practice in Mexico is to go from bad to worse and there is nothing in sight yet that will stop it.

"The Kind Mother Uses"

"Every time mother gets out Calumet I know there's going to be good things to eat at our house. Delicious, tender, tempting doughnuts, biscuits, cakes and pies! I've never seen a bake-day failure with Calumet. Mother says it's the only Baking Powder that insures uniform results."

ling you about the details of present conditions in Mexico, but what is the use? Briefly stated, the continuous tendency and practice in Mexico is to go from bad to worse and there is nothing in sight yet that will stop it.

Yes, Wilson and his A. B. C. & his B. U. G. balled things up pretty bad, and now they expect that the financiers will loan money on this balled-up situation, but they dare not do so, for as one of the prominent financiers stated recently, that Mr. Wilson's experiments and blunders had cost him (Wilson) nothing; but that when a banker made mistakes he had to pay for his mistakes with cash, and that Wilson and the other politicians had not taken this latter fact into consideration when they recognized Carranza and took it for granted that the financiers of the United States would be compelled to loan money to the Carranza government in order to save what they still had remaining in Mexico. However, it is not working out the way W. Wilson and his political clique figured, and it is just the glaring facts of this Mexican disgrace that has stopped all investments in Central and South America and that has shaken confidence at home.

A great many people are beginning to ask the question: How long will it be before Wilson will take to justifying a similar course of action here in the U. S. that he has been continually (in his speeches) justifying in Mexico?

In your letter of the 22nd you say, "I cannot see any light ahead at all," well, that is just exactly the fix that I find myself in, for up to the present writing I can see no encouragement in sight.

The following is only a small part of the conditions and future prospects of Mexico. Carranza has, by decree, abolished the office of Minister of Justice, closed all the civil courts and turned the whole administration over to his military chiefs. Carranza has "decreed" that an election for congressmen shall be held in July, and that the new congress shall assemble soon after the election and that this "new congress" is to manufacture a brand "new constitution" for Mexico and that this new constitution is to go into effect Feb. 5th, 1917. Carranza has also (within the past 10 days) "decreed" that a new issue of FIVE HUNDRED MILLION PESOS is to be made immediately; the excuse given is that this new currency is to be used in taking up the present outstanding on the national debt. However, the facts about this new issue of money are as follows: When Carranza was recognized he immediately started out to borrow (in New York) Two Hundred and Fifty Millions, Gold; failing in this he tried to borrow Fifty Millions; failing in this he then tried to borrow smaller amounts, but as he failed in all of his attempts at borrowing, he then had Five Hundred Million Pesos (paper) printed in New York and this is what he proposes to issue now, and the above statements show why he is doing it. This Carranza

za money is now quoted at 4 cents U. S. cy. per peso, but it can be bought for from 2 to 3 cents U. S. cy. per peso.

Politically, commercially, agriculturally, legally and practically, Mexico has gone completely to pieces and she is, up to the present writing, steadily moving down hill to a still worse and more desperate condition, with nothing practical yet in sight to show even a possible change for the better. Briefly stated, the immediate future of Mexico is represented thus ?????? Very truly yours,

G. B. MANN.

## VILLA - DEAD OR ALIVE

(Continued from Page 1)

Mexican soil.

News of the encounter was telegraphed here from Columbus following the return of the detachment of the Thirteenth cavalry, which took up the pursuit of the raiders. One report was that 100 of the Villa raiders were killed in the fight, which occurred in a deep ravine. No casualties were reported among the American troops.

The report of the wounding of Villa is circumstantially confirmed by one of the Mexican bandits who was taken prisoner. He said he was riding close to Villa when he was shot and that Villa nearly fell out of the saddle, but was supported by his men and aided in making his escape.

Washington, Mar. 10.—Punishment, not intervention.

This in a nutshell is the policy of the President as a result of the wanton assaults made by a column of Mexicans under the command of General Villa upon the town of Columbus, N. M.

With the consent of the representatives of the Carranza government and, it is said, with the approval of General Carranza, American cavalry is to pursue General Villa's bandits until they have been killed or captured. This will necessitate pursuit upon Mexican soil.

Will Kill Bandits.

In a sense such action will be intervention. In the larger sense it will not have this aspect. It is not the intention of the administration to seek to pacify Mexico, which would be the cause of intervention. It is merely the intention to kill or capture the bandits who committed the depredations upon American soil.

Those who may be apprehended, even including Villa, will be turned over to General Carranza for punishment. This would mean their immediate execution.

Official Washington was deeply stirred by the outrage perpetrated by Villa upon Columbus. There were mutterings in the senate and house and preparations are being made by Senator Fall of New Mexico to force instant action through a congressional resolution.

Administration to Act.

The administration, however, does not propose to be driven by congress. It intends to act itself in order that its purpose to secure punishment and redress may be understood both in the United States and Mexico. At the same time the President realizes he cannot shut off a debate which will open up the entire Mexican question. To prevent it becoming embarrassing he deemed it wise to reach an immediate decision.

As a matter of fact, American troops had crossed into Mexico without awaiting permission from Washington; indeed, in violation of the orders heretofore given not to leave American soil. From General Funston, who is in command of the situation, there came late in the afternoon a dispatch inclosing a report from General Pershing at El Paso. The latter stated that "five troops of cavalry are in pursuit with orders not to go more than two miles beyond the border."

# Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

## Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

## Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUERING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice. It will be confidential.

## Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluff, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

**TOO DANGEROUS TO OVERLOOK**

DIXON PEOPLE WILL DO WELL TO HEED THE WARNING

To have good health, the digestion, heart, lungs and kidneys must work perfectly. When there is anything wrong with the digestion, heart or lungs, a very noticeable pain gives prompt warning. Kidney trouble is more easily overlooked, however, and too often gains a long start. But kidney trouble does give early signs, and backache, headache, dizzy spells, rheumatic pains, top frequent, scanty or painful urination should not be neglected. When these warnings appear, use Doan's Kidney Pills, the reliable, success, strongly recommended kidney remedy. Assist the medicine by taking things easier, reducing the diet and the use of liquors. A severe attack of kidney disease may be avoided. Doan's Kidney Pills have won the grateful praise of Dixon people. Read this Dixon resident's endorsement.

Mrs. J. L. Fine, 1006 Peoria Ave., Dixon, says: "I have suffered for years from kidney trouble. My back ached and pained so severely that I had to stay in bed. I had headaches and dizzy spells and specks appeared before my eyes. My wrists and ankles also swelled. I procured Doan's Kidney Pills at Leake Bros. Co.'s Drug store and they helped me. They have never failed to give satisfactory results."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Fine had. Foster-Milburn Co., Props., Buffalo, N. Y.

Bostonians gave great impetus to this unpretentious food when they placed it on a pedestal—they gave it another push into favoritism when they hit upon Monarch Catsup as a substitute for the ordinary tomato sauce in canning the beans.

## BRITISH ATTACK FOE'S CITATIONS

Says Germans Began Diver War  
Prior to Alleged Causes.

## FRYE IS ONE CASE IN POINT

Statement from Embassy at Washing-  
ton Points Out Attacks on British  
and Neutral Shipping Before Any  
of Offenses Berlin Charges—Hospi-  
tal Ship Sunk—North Sea Mined.

Washington, Mar. 10.—Challenging  
every substantial charge against Great  
Britain contained in the German mem-  
orandum submitted to Secretary Lan-  
sing by Count von Bernstorff, the  
British embassy issued a statement in-  
tended to show that while Germany  
contends her submarine warfare is in  
retaliation for British violations of in-  
ternational law, many of the German  
acts were committed before the British  
had issued the orders in council or  
committed any other acts of which  
the Germans complain.

**Text of British Statement.**  
The British statement follows:  
"According to the German state-  
ment, German submarine warfare was  
enforced on Feb. 18, 1915, as an act  
of reprisal against illegal acts of  
Great Britain.

"The Admiral Ganteaume, with 2-  
6 unarmed refugees on board, mostly  
women and children, was torpedoed  
and sunk by a German submarine on  
Oct. 26, 1914. Two British merchant  
vessels were torpedoed without notice  
on Jan. 30 and the British hospital  
ship Asturias fired at with a torpedo  
on Feb. 1.

"The declaration of London of 1909  
was never ratified by the British gov-  
ernment and was never binding on  
them. One of the reasons of the non-  
ratification of the convention was the  
claim of the German government as  
to the right to treat foodstuffs as con-  
traband.

"The enlargement of the list of con-  
traband is an acknowledged right;  
the warning to merchant vessels in  
November was due to the fact that  
the Germans had sown mines in the  
high seas, resulting in the destruction  
of many innocent merchant vessels,  
foreign as well as British.

"The Wilhelmmina, with a cargo of  
foodstuffs for Hamburg, was only  
stopped after the German cruisers  
had destroyed the Dutch vessel Maria  
(September, 1914) and the Frye (Janu-  
ary, 1915), which were conveying  
grain from California to Ireland."

## VILLA LEADS RAID, IS FUNSTON REPORT

Colonel Slocum Asks That Ban-  
dit's Work Be Told.

Washington, Mar. 10.—General Fun-  
ston telegraphed the war department  
that General Francisco Villa in per-  
son led the attack of Mexican band-  
its on Columbus, N. M.

The report came from Colonel Slo-  
cum, the Columbus commandant, to  
General Pershing, who transmitted it  
to General Funston. The report fol-  
lows:

"General Pershing reports: 'Slocum  
reports by phone and asks me to re-  
peat that Villa himself led the charge  
through camp with forces estimated  
at from 500 to 1,000. Eleven Mexicans  
killed in camp and twenty-three killed  
altogether so far. Four enlisted men  
killed and one officer and seven men  
wounded. Prisoners state that Villa  
very bitter, vowing death to all Amer-  
icans. Villa retreated into the hills  
southeast. Slocum sent five troops in  
pursuit with orders not to go more  
than two miles beyond the border.  
Slocum thinks he has enough to han-  
dle the situation and recommends  
that cavalry be sent if any number  
of troops are to go after Villa.  
(Signed) FUNSTON."

Five troops, it was estimated at the  
war department, give Colonel Slocum  
a force of approximately four hundred  
men and officers.

## MARRIED ON ROLLER SKATES

Des Moines Young Couple United in  
Rink, Following Dare.

Des Moines, Ia., Mar. 10.—Leroy  
Jones, local champion amateur roller  
skater, and Miss Marie Campbell, ar-  
dent skating devotee, were married  
while on roller skates at a local rink.  
The wedding was the result of a  
dare made by friends of the young  
couple. They had some difficulty keep-  
ing themselves balanced while the  
minister was repeating the words of  
the ceremony. The pastor declined to  
enter into the spirit of the occasion  
enough to wear skates himself.
